

Prolonged unprotected exposure to heat may be detrimental to the appearance or long term performance of a wall finish. Combustible and heat sensitive wall panels or finishes must not protrude past the trim, to the glass viewing area. Some scenarios will require a custom solution, to provide further protection.

Cabinetry Finish

scale 1:2

Applicable for:

KS55 Mesh Barrier Single Sided
 KS55 Mesh Barrier See-Through
 KS55 Glass Barrier Single Sided
 KS55 Glass Barrier See-Through
 KS75 Glass Barrier Single Sided
 KS75 Glass Barrier See-Through

Notes:

- DO NOT SCALE OFF THESE DRAWINGS
- This detail is to assist in the installation of a **frameless finish** to a KS Series Gas Fireplace.
- This detail is suitable for all four sides of the fireplace glass viewing area.
- Cabinetry panel can be directly bonded to the outer metalwork of the fireplace.
- Follow the manufacturer's instructions for specifying and installing wall panels or finishes. Escea takes no responsibility for material selection.
- The Specifier and/or Installer are responsible for compliance with all relevant Building Codes.
- This technical sheet must be read in conjunction with the requisite Escea KS Series Installation Manual, the latest version can be found on our website at www.escea.com.
